FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1701275	Ad Hoc	Criteria	Adds up/down arrows to move query lines like the Selected Fields box
1801079	Ad Hoc	Select Fields Up/Down Error	Fixes error when selecting up/down arrows without selecting data element first
1801076	Batch Load	Error Correction	Fixes log error returned on batch load.
1800766	CAD	Ad Hoc tab	Adds an Ad Hoc Tab to the CAD Module. Adds fly outs to the main menu Link
1800117	CAR	Create New Car	Removes the Create CAR Tab from a Prime contractor display.
1800125	CAR	Download to Excel link	Fixes the "Click Here" link to download spreadsheet.
1800126	CAR	Contractor Response	Fixes Prime Contractor ability to respond to CAR.
1800127	CAR	Send to CTR Link	Corrects issue with "Send to CAR to Contractor" display.
1800220	CAR	Contractor Attachment	Fixes the Prime Contractor add attachment screen
1800220	CAR	Contractor Attachment	Fix for Prime Contractor when trying adding attachments.
1800258	CAR	CAR CTR Phone number	Fixes caching of the contractor phone number.
1800259	CAR	CAR FSC	Updatse the invalid FSC warning message.
1800260	CAR	CAR NIIN	Corrects invalid NIIN validation and warning display.
1800261	CAR	CAR Edit FSC	Fixes the save action when no FSC is entered.
1800262	CAR	CAR References	Corrects references lines 1 and 4.
1800263	CAR	CAR Attachment	Fixes navigation and display on the attachment screen back to the tab you came from.
1800264	CAR	CAR CTR Worklist	Fixes the attachment link to the Prime Contractors Worklist.
1800266	CAR	LEVEL II CAR	Fixes save data action when creating a new level 2 CAR.
1800267	CAR	Ad Hoc Tab	Fixes CAR Ad Hoc when searching on defect attribute literal.
1800767	CAR	Ad Hoc tab	Adds an Ad Hoc Tab to the CAR Module. Adds fly outs to the main menu Link.
1800884	CAR	CAR MANDATORY FIELDS	Add (M) next to Mandatory fields.
1801071	DODAAC Search	Error Correction	Corrects log error returned on the recently Access List if the DoDAAC searched for does not exist.
1800820	Engineering Referral (ER) Module	Due Date	CDA Revised Date changes, and Date Logic Changes (not being able to receive things in the future, set due dates, inspect before receiving, etc.)
1800821	Engineering Referral (ER) Module	Rebuttal Blocks	Similar to screening point rebuttal features

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1800822	Engineering Referral (ER) Module	PQDR Recommendation	Add in text boxes for PQDR Recommendation changes. If yes, then show PQDR Number. If no, "JUSTIFICATION FOR NO PQDR"
1800823	Engineering Referral (ER) Module	Various Field Updates	Adjustments to data labels, larger text boxes, moving certain data elements, etc.
1800824	Engineering Referral (ER) Module	Screening Point Signature	Adds the ability for the screening point to sign after the action point completes his investigation. Must sign before forwarding for closing
1700954	Feedback	Search results	Adds fields to the results page of search. Updates access privileges for Originators and SYSCOM Mangers..
1800090	Feedback	Module Search	Adds the "module" as a selection for Feedback Search.
1800444	Feedback	DoDAAC Search	Updates warning when no data is returned on a search for a DODAAC.
1800447	Feedback	CSR Title Search	Removes error from CSR search when there are extraneous spaces at the end
1800453	Feedback	Completion Date	Adds validation to the date input to prevent dates in the future being entered.
1800454	Feedback	Completion Date	Fixes date format error on save...
1800556	Feedback	User ID Search	Add a User ID search for their submitted feedbacks.
1800665	Feedback	Priority Rank Score	Change Overall Score in Feedback Table to an integer
1801080	Feedback	Max Priority	No longer requires a comment when selecting Priority 1 requires a comment.
1800463	FOP	Ad Hoc Tab	Updates Ad Hoc FOP Data fields available.
1800671	FOP	Send Message	Prevents FOP records from being left in an inconsistent state
1800743	FOP	NSEP Header	Updates the header to applicable programs (NSEP AND NON-NSEP).
1800745	FOP	Tech Review	Removes the technical review block.
1800749	FOP	FOP Update Code	Fixed Update Code stamping the record
1800753	FOP	FOP Create Screen	Fop form returns to location after it refreshes
1800768	FOP	Ad Hoc Tab	Adds Ad Hoc within the FOP Module
1800791	FOP	FOP TL ISSUE	Fixes POC Issue for TL.
1800927	FOP	Add CAR Data Display to FOP	Add CAR Information to FOP HTML and PDF Views
1801060	FOP	FOP HEADER CHANGE	Update FOP Header
1801070	FOP	MODIFY FOP APPLICABLE PROGRAM BLOCK	Update FOP APPLICABLE PROGRAM BLOCK
1800771	MIR	Ad Hoc tab	Adds an Ad Hoc Tab to the MIR Module. Adds fly outs to the main menu Link
1500684	PDREP	SQL Report Scheduler Update	Corrects issues with permissions on running the SQL report scheduler.
1701647	PDREP	Cybersecurity	Implements STIG ID SRG-APP-000297-AS-000188.
1701679	PDREP	Cybersecurity	Implements STIG C2-015501.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1800044	PDREP	Cybersecurity	Implements STIG for web root.
1800079	PDREP	Cybersecurity	Implements IAVM 2017-A-0349.
1800279	PDREP	Cybersecurity	Updates the PKI CERT Application for new DISA validations.
1800350	PDREP	Main Menu Navigation	Adds fly outs to the SUBMIT FEEDBACK, renamed "Help" links to reduce clicks and provides option to users to navigate to most appropriate resource or web page. Removes word PDREP from "PDREP Reports" label to read "Reports"
1800638	PDREP	Cybersecurity	Adds cybersecurity method to web page so hyperlinks cannot be copied and pasted into other browsers when full screen is used.
1800657	PDREP	Navigation	Create fly out for webpages in the ADMIN IT and QA web pages. Eliminate intermediate webpages and clicks to get to web page where action is taken. Display web pages to right, with the home page links on left.
1800734	PDREP	Virtual Shelf	Creates the Virtual Shelf application for NAVSEA.
1800758	PDREP	Cybersecurity	Updates method for the java keystone.
1800765	PDREP	Circular Window Timer	Circular timer to show system is processing applied across the PDREP-AIS.
1800882	PDREP	NNPI INDICATOR CHANGE	Changes the "RIMS NNPI ACCESS" to read "NNPI ACCESS" across PDREP-AIS.
1200913	PQDR	842P 1007 – Preventive Action Taken Code	Updates the Preventative Action Taken Code to align with ADC 1007. Removes the former and now obsolete Preventative Answer Type Field.
1401007	PQDR	842P 1007 – Detailed Cause Code	Updates the Detailed Cause Codes to align with ADC-1007
1701257	PQDR	SF 368 Supplemental Page	Completes updates and reorganization of the SF368 Supplemental page to be more easily read.
1701688	PQDR	Auto-fill Weapons system (Army Only)	Auto-fills weapons system code based on the Army MATCAT
1701732	PQDR	PQDR error 368 PDF	Fixes PDF not displaying on some PQDRs.
1800282	PQDR	Change "DR Acknowledge Format"	Updates the DR Acknowledge Date format on the PQDR work list.
1800417	PQDR	History Wrap	Wraps history comments to make page more printable.
1800489	PQDR	Weapons System Code (Army Only)	Auto-fills the weapons system group on submission of Army PQDRs.
1800709	PQDR	End Item Mandatory (Army Only)	For Army, entering the End Item is mandatory for originators.
1800716	PQDR	Warranty	Fixes the warranty link navigation.
1800727	PQDR	Credit Screen (Army)	Creates separate credit web page for Army. No longer requires re-opening the PQDR to enter additional credit info.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1800729	PQDR	Auto Accept EZ PQDRs army	Army submitted EZ PQDRs no longer require being 'accepted' in EZ, and are moved all the way to the screening point level.
1800733	PQDR	Cancel button Screening point letters	Fixes error cuased when clcikingthe lower cancel button on a screening point letter.
1800810	PQDR	PDF 1227	Fixes DLA Form1227 so discrepancy code is not inadvertently removed when sending.
1800877	PQDR	EBS Import History	For imports from EBS, displays the file name provided by EBS and the Batch Number for reference in the message section of the history.
1800915	PQDR	DLAR 4155.24 - SEVERITY OF DEFECT CODE	Updates codes IAW DLAR 4155.24 EFFECTIVE DATE 20180410 for SEVERITY OF DEFECT CODE.
1800916	PQDR	DLAR 4155.24 - BROAD CAUSE CODE	Updates codes IAW DLAR 4155.24 EFFECTIVE DATE 20180410 for BROAD CAUSE CODE.
1800917	PQDR	DLAR 4155.24 - CLOSING CODE LABELS	Updates codes IAW DLAR 4155.24 EFFECTIVE DATE 20180410 for CLOSING CODE and labels on SCREENING , ACTION AND SUPPORT POINT web pages.
1800922	PQDR	EZPDR	Fixes Requisition Number not transferring for some DLA Requisition Numbers.
1800950	PQDR	History	Fixes History not displaying on some PQDRs.
1800305	Prime Contractor Access	Shipbuilder Access	Further updates/refines Prime Contractor PQDR Search tools and renames the "SAP Search" fly out to "Supplier Audit Program".
1800436	QALI	Program	Add Contract Number to Cover Letter and Remove Recalled QALI from QAR Workload.
1800456	QALI	Attributes	Add attributes' to the complete QALI page.
1800457	QALI	Search	Adds message to result screen, "NO DATA FOUND' after a search finds no data.
1800676	QALI	Ack Due Date	Removes the validation on the QALI Acknowledge Due Date.
1800751	QALI	Transfer	Removes Delegatee dropdown from Delegator's Transfer screen.
1800769	QALI	Ad Hoc Tab	Creates Ad Hoc tab within the QALI Module
1800841	QALI	QALI Recall	Creates Correspondence for when a QALI is Modified
1800842	QALI	QALI ATTRIBUTES	Removes Delegatees ability to delete attribute
1800843	QALI	QALI Records	Fixes QALI Correspondence Issue
1800919	QALI	QALI Search by Team	Allows to Search for QALI by Team
1800925	QALI	QALI Acceptance Letters	Shows QALI Acceptance or Rejection on Correspondence
1800946	QALI	QALI Order Number	UPDATE QALI ORDER NUMBER TO ALLOW 13 CHARACTERS
1800750	Report	DCIS Summary Report	Adds the city and zip code field.
1800844	Report	DCIS Report	Updates the Defense Criminal Investigator Service Search page for non-management access.
1800845	Report	DCIS Report	Updates the Defense Criminal Investigator Service Search page for management access.
1700102	RIMS	RIBS Project	Develop the RIB feature of RIMS (Part 2).

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1800558	RIMS	Dropdown update	Adds the "N/A" selections as identified in the CSR to the RIDL Metrics Metric 1 and 2 dropdowns
1800598	RIMS	Dropdown update	Adds "Shop Action" to the status dropdown and remove "TGI and DR"
1800678	RIMS	Change RIP 47M to N	Changes RIP 47M to N and remove IAC 15
1800696	RIMS	Exhibit Tracking Data Upload	Upload the data provided to the RIMS Exhibit Tracking table
1800696	RIMS	CSR Exhibit Tracking Data Upload	Uploads legacy Ship yard data to the RIMS Exhibit Tracking table
1800742	RIMS	Inspection Procedures	Updates RIMS Inspection Procedure 278
1800865	RIMS	Inspection Procedures	Changes RIP 25F to G
1800932	RIMS	Inspection Procedures	Updates RIMS Inspection Procedure 68T
1801031	RIMS	Inspection Procedures	Adds NNSY RIP-040 & 041
1801066	RIMS	Inspection Procedures	Changes RIP 136.2-285D to E
1801078	RIMS	Inspection Procedures	Adds new IACs to PH DSS
1801092	RIMS	Inspection Procedures	Adds CH1 to the end of PNS' 136.2 RIPs as noted
1801094	RIMS	Inspection Procedures	Adds NNSY RIP-045
1501179	SAM	Supply Action Module	Completes the Supply Action Module for SEA08.
1800901	SAP	Checklist #13	Correct numbering of checklist to 13
1701556	SDR	Workload Distribution Updates	Updates the automated workload distribution logic for NAVSUP.
1800001	SDR	ADC-1249	Implements ADC 1249A changes for SDR. Refer to ADC 1249.
1800002	SDR	ADC-353A	Implements ADC 353A changes for SDR. Refer to ADC 353A.
1800355	SDR	Action Points	Updates workload distribution for NAVSUP SDRs.
1800415	SDR	ADC-1275	Implements ADC-1275. Updates the naming convention permitted to be used for file attachments sent to the WebSDR.
1800455	SDR	Action Point Remarks	Fixes wrapping of the action point remarks on the SF364 PDF.
1800455	SDR	Remarks	Updates the wrapping on the action point remarks.
1800563	SDR	Dollar Value Threshold	Updates dollar threshold value for SDRs that are forwarded to GSA.
1800586	SDR	SDR Edit Page	Updates Action Point DoDAAC validation on submission.
1800587	SDR	Displayed Error	Adds script tag to web page to prevent error displayed in some cases.
1800588	SDR	Invalid Activity	Updates the validation message when submitting a SDR.
1800589	SDR	Invalid FSC	Updates validation message for order and/or received NSN.
1800591	SDR	Cancelling SDR	Updates the validation message when cancelling a SDR.
1800592	SDR	Delete SDR	Prevents the delete link on worklist page from disappearing on SDRs other than the one deleted.
1800876	SDR	SDR Worklist - Action Point DODAAC Updates	Action Point DODAAC update procedure updated to better show all of an action points related SDRs

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1800923	SDR	Action Point Response Code Update	Per ADC 1181, Action Point Response Code 501 should read "SDR assigned to Defense Contract Management Agency (DCMA) for investigation".
1800992	SDR	Import of DCMA info Copy	Allows updates using the WebSDR tracking number when the PDREP RCN is not in the transactions from WebSDR.
1801067	SDR	Depot Control Number	Updates the DLA Control number to search parameters.
1801116	SDR	Nomenclature Length	Shorten the nomenclature data entry to 48 characters to match the DLMS requirements.
1801142	SDR	Worklist	Updates the method for which worklists are generated to ensure all SDRs for a user are displayed.
1801144	SDR	Close Out of SDR IAW DLMS 400.25, Ch-17	Removes "Allow Action Point to Close" option from SDR Originator page.
1800770	SQD	Ad Hoc tab	Adds an Ad Hoc Tab to the AQD Module. Adds fly outs to the main menu Link.
1800773	Survey	Ad Hoc tab	Adds an Ad Hoc Tab to the Survey Module. Adds fly outs to the main menu Link.
1800774	Test	Ad Hoc Tab	Adds Ad Hoc tab within the Test Record Module
1801134	Test, SQD, FOP	Fly outs	Adds fly outs to the main menu Test, SQD and FOP links
1801074	User DoDAAC	Error Correction	Corrects log error returned on the records Recently Accessed List when the DoDAAC searched for does not exist.
1800894	Warranty	SRI Update	Adds Version number 2.3 to SRI PDF and EXCEL.
